

THE **END** OF TIMES

In a world full of uncertainties, the subject of the End of Times can provoke fear and curiosity. We want to shed light on this important topic and share a message of hope and preparation. The Bible foretells the End Times and it reveals God's loving plan for humanity during these times.

The Bible speaks of a time when the world as we know it will end.

Jesus foretold signs and events that would mark this period **(Matthew 24:6-8)**. These signs include wars, famines, earthquakes, and increasing lawlessness. While it can be unsettling to think about it, God's Word assures us that He is in control.

"WE SEE THE STORM CLOUDS GATHERING AND EVENTS TAKING PLACE THAT HERALD THE SECOND COMING OF JESUS CHRIST." -BILLY GRAHAM.

The end times also bring hope: the hope of Christ's return ([Titus 2:13](#)). Jesus promised to return for his followers, ending suffering and establishing his eternal kingdom ([Revelation 21:3-4](#)). This promise gives us confidence and peace of mind in uncertain times.

To be prepared for the End Times, we must first accept Jesus as our Savior ([Romans 10:9](#)). By repenting of our sins and placing our faith in Him, we can be assured of eternal life ([John 3:16](#)). In addition, we must seek to live faithfully, obeying God's Word and loving others ([1 John 2:28](#)).

End of Times awareness must shape how we live today. We must prioritize sharing the message of God's love and salvation with others ([Matthew 24:14](#)). Let's live with an eternal perspective, investing in things that have lasting value and seeking to bring glory to God.

The End of Times is a reality, but there is no need to fear it. Through Jesus Christ, we find hope and security for the future. Let us prepare and live with a sense of urgency, sharing God's love with others and waiting for the blessed hope of Christ's return.
